

## **Reclaim**

**6:2:20+3MgO+ Bacteria**  
**25 % Organic matter**

*Mineral/organic lawn fertilizer*

### **Description**

Reclaim is a specially designed lawn fertilizer containing mineral and organic forms of nitrogen for instant and long lasting effect. A high potassium content together with magnesium ensures strong and dense grass with good colour. Easily available phosphorus encourages strong root development.

Reclaim also contains beneficial, naturally occurring bacteria which discourage moss growth and reduces thatch formation; in many cases the need to scarify is eliminated.

A significant organic matter content improves soil structure and soil health all conducive to creating the perfect lawn .

### **Chemical/physical data**

**Typical analysis:** 6:2:20(+3MgO)

**Compound organic-mineral fertiliser NPK containing magnesium and bacteria.**

6 % total nitrogen (N), of which

2,4 % organic nitrogen derived from meat and bone meal and cocoa shells,

3,6% urea nitrogen

2 % total phosphorus pentoxide (P<sub>2</sub>O<sub>5</sub>)

20 % potassium oxide (K<sub>2</sub>O) soluble in water

3 % total magnesium oxide (MgO)

25 % organic matter derived from meat and bonemeal, cocoa shells, vinasses and organic seaweed

Bacillus sp 10<sup>6</sup> per gram

**Appearance:** Brown crumb

## Directions for use

- Application rate:** For all lawns: 1.0 - 1.5 kg per 10 m<sup>2</sup>
- Timing:** Apply in Spring and Autumn for optimal results.
- Application:** Ensure that the product is applied as evenly as possible across the lawn using a suitably calibrated mechanical spreader or the traditional "cane and string" method.

## General information

- Packaging:** 10 kg net polythene-lined paper bag
- Technical service:** For further information, assistance and access to The Solufeed Advisory Service, please contact Solufeed at the address below.

## Precautions

Avoid prolonged exposure with the skin and wash hands after use.  
Keep away from children, pets and other domestic animals.  
Store in original resealed packaging in a safe dry place.

**Always read the label on the product you purchase before use.**

Detailed health and safety information may be found on the relevant Material Safety Data Sheet (MSDS) available on request from the address below.

## Important

The information in this document has been prepared carefully and is provided in good faith. The application, use and processing of any material together with regulatory compliance is the absolute responsibility of the Buyer. All technical information or other advice provided by the Seller in any form is given without warranty to the full extent provided by law.
