

GARLIC BARRIER FOLIAR

Garlic extract

*Encourages healthy, vigorous
plant growth*

A Garlic Barrier™ product
Previously marketed as Bugzof/Fungzof/Garshield/Garberry

Uses

Applied in a programme **Garlic Barrier Foliar** creates conditions conducive to healthy plant growth mitigating the negative effects of stress. Suitable for all crops including those grown to organic standards.

Benefits

- Suitable for most crops
- No chemical setback
- No taints
- Odourless within minutes of application
- No harvest interval
- Biodegradable
- Safe to use, kind to the environment
- Harmless to bees

Composition

Garlic Barrier Foliar is a concentrated formulation containing high quality garlic, other plant extract, and Soil Association Approved co-formulants. It is rich in Sulphur.

Directions for use

Foliar application

Dilute **Garlic Barrier Foliar** 1:100 in water and apply as a conventional fine spray ensuring that all plant parts are covered. Repeat at 7 – 14 day intervals as necessary. Only apply when the air temperature is over 10°C, but avoid high temperatures and bright sunshine, late afternoon/evening is best.

Note: During application the characteristic smell of garlic will be evident, but this will soon disappear

For sprinkler or drip irrigation to soil, substrate or through hydroponic systems, use **Anthyllis** instead.

Shake container well and agitate while mixing.

General information

Compatibility

Mixing with other products is not recommended.

Technical service

Please contact Solufeed at the address below for assistance.
