

Convене High K liquid

**10:5:25 w/v (7:4:19 w/w) liquid mineral
fertilizer**

*Concentrated N:P:K fertilizer as aqueous
solution. UK FERTILIZER. EC FERTILIZER.*

Uses

High potassium NPK fertilizer solution for use on a wide range of crops including turf, ornamentals, vegetables, field crops, fruit, orchards, trees etc.

Benefits

Highly concentrated liquid that is easy to measure and mix. Convenient and easy to use. High potassium analysis fertilizer that is particularly suitable for fruiting and flowering crops. Potassium promotes sweet, firm fruit. Also helps with drought resistance keeping flowers and foliage looking attractive for market.

Chemical/physical data

Analysis

	Solufeed Convене 10:5:25 w/v liquid (w/w)	Solufeed Convене 10:5:25 w/v liquid (w/v)
Total N	7.30	10.00
NH4 N	1.1	1.5
Ureic N	6.2	8.5
P2O5	3.7	5.0
K2O	18.6	25.4
K	15.48	21.19
SO3	31.943	43.736
S	12.78	17.49

Appearance: Free flowing blue translucent solution

Solubility in water:	Fully miscible with water
pH (100%)	~7.0
EC	1.05 mS @ 1 ml/L (0.55 mS @ 1 g/L)
Specific gravity	1.37 kg/litre

Directions for use

Method of use:	Dilute into the irrigation water and apply to soil around roots.
Application rates:	Typically, 1 – 2 ml per litre of irrigation water. Use lower rates on sensitive species and higher rates on vigorous plants. Use 50% rate on very young plants until the roots are established.
Directions:	Mix 10 – 20 ml into 10 litres watering can or for irrigation systems make a stock tank solution of 1 – 2 litres of product in 10 litres of water and further dilute at 1:100 using a dosing pump. Apply with every irrigation or less frequently if growth becomes too vigorous.
Timing:	Apply in good growing conditions during the growing season as required to stimulate growth. Do not apply to crops under drought or other stress.
Mixing:	Physically compatible with many other products at final rates of dilution. Check other product label for mixing restrictions. Confirm compatibility by small scale test before mixing

General information

Packaging:	1 litre, 5 litre, 20 litre and 1000 litre
Harmonised Tariff No:	31059080
Technical service:	For further information, assistance and access to The Solufeed Advisory Service, please contact Solufeed at the address below.

Handling and Storage

Wash hands before meals and after work. Avoid contact with eyes. Store in the original container, tightly closed, in a dry place. Store away from children, pets, livestock and foodstuffs. Store above 5°C.

Detailed health and safety information may be found on the relevant Material Safety Data Sheet (MSDS) available on request from the address below.
